SIR SAM'S INN

Opening May 19th, 1979

SPRING GREETINGS!

from all of us at Sir Sam's Inn & WaterSpa

Here at the inn we love greeting a fresh new season (especially when it is Spring!) as it always brings welcome changes and a reason to celebrate.

This year is no exception as we are pleased to be celebrating our 30th YEAR! Many of us here find it hard to believe. All the same, time has flown by but with it many changes and even more memories thanks to all the years of sharing this wonderful inn with our guests.

To celebrate this spring we are extending a special invitation to join us for an extra evening at 1979 rates! **Click here** for details and more new spring and summer packages.

We are also pleased to announce the Hughes Wing accommodations are in the process of a remodelling! Larger windows, new bathrooms and a change in layout are all sure to make these a popular choice this season. As far as the rest of the inn is concerned it is all about renewal this year, attending to detail, refurbishing and special touches are all on the agenda. Even everyone's favourite launch the Lady Hughes has been totally overhauled this past winter.

We hope you will share some time with us here in the beautiful Haliburton Highlands. It would be our pleasure to welcome you.
